How Massachusetts Boys & Girls Clubs Measure Up

The chart below provides an overview of Massachusetts Alliance Club survey outcomes, in comparison to The Centers for Disease Control's National Youth Risk Behavior Survey (YRBS) at the state and national level (when available).

Each spring, MA Clubs gather outcomes data using a common tool which captures research informed indicators for its priority outcomes areas. Some questions match those in the YRBS, opening an opportunity for true apples-to-apples comparison. In 2018, 38 Clubs administered this tool to their members. 33 of these Clubs administered additional YRBS questions to 9-12th graders, with results represented below.

● USA ● State of MA ● MA Alliance of Boys & Girls Clubs

Participating Clubs: Arlington, Assabet Valley*, Boston, Brockton, Cape Cod, Chicopee, Dorchester, East Boston, Fall River, Family Center (Springfield)*, Fitchburg & Leominster, Haverhill, Holyoke, Lawrence, Lowell, Ludlow, Lynn, MetroWest, Nantucket, New Bedford, Newton, Berkshires, Plymouth, Salem, Medford & Somerville, Springfield, Stoneham, Taunton, Waltham, Watertown, Westfield, West End House (Brighton), West Springfield, Woburn, Worcester

* = no teen respondents for YRBS questions
